## CUSTOMER TESTIMONIALS

These are two of many lovely reviews:

“We used the function room for a commemoration of a friend's life following his death.

The function room has been refurbished since we last used it and is an excellent venue for any function, with all tables dressed and lovely calming lighting, with attention to detail everywhere.

Excellent location and the absolute perfect venue overlooking the sea front. Thank you for making the night such a wonderful success!”

— Martine, Oct 2024

“I booked The Swan for my mother's wake. Michelle the manager who booked us and sorted out the food was amazing, helpful with nothing too much trouble.

We arrived to be greeted by a lady with a smile on her face and shown to a beautiful private space with round tables with linen and wonderful table pieces all made the venue a relaxing place to be. The food was then brought out - WOW! If you ever need a venue for a wake or private function, here is your place. Thank you to everyone at The Swan for making it so special and would return 100% again.”

— Gary, Oct 2024
